

# BEYOND LIMITS

DUMFRIES AND GALLOWAY

Supporting people with  
learning and mental  
health disabilities to  
have their own home  
and a good life.

# About us

Beyond Limits is a nationally recognised provider of support to people with learning disabilities, poor mental health and other emotional support needs.

We provide services in **Dumfries and Galloway** and

**Southwest England** for people leaving institutions like hospitals and residential care homes.

**We have an outstanding reputation** for supporting people in a person centred way.

We wrap services around people, providing truly tailor-made support. This means people have their own home, a real place in their community and control over their life and their future.

We have been recognised as providing excellent care and support by the Care Inspectorate.

# Our values

We want to change the face of services in the Dumfries and Galloway for good. We can only do this by sticking to our values and by providing and demanding excellence.

## **We believe everyone:**

- is of equal value
- is unique
- has the ability to develop
- has the right to enjoy valuable relationships
- has the right to lead a life they choose.

## **We recognise that:**

- all too often people's lives become limited to the services they receive.

## **We understand:**

- the people we support are citizens, they are not clients or service users. We believe everyone has a right to a good life.

## **We work:**

- to make sure our services enable people to have fulfilling, rewarding lives.

# Our work

Supporting someone to live a good, fullfilling life means organising their support around their needs. It's called person centred support.

## **Everyone we support has:**

- tailor-made support
- their own staff team
- their own home
- control over how they live their life.

## **Our Family Charter promises families we will:**

- value and treat you with respect
- work together with you
- listen to and support you
- be honest with you, even if it's tough
- fix our mistakes and make them right
- never give up.

# Contact us

**Beyond Limits** works in Dumfries and Galloway providing personalised support to people in their own homes.
